Oregon's Famous Botanical Physician

ATTRACTS WIDER ATTENTION BY HIS CURES THAN ANY MAN IN
THE MEDICAL PROFESSION, AND THE AFFLICTED FROM ALL PARTS
ARE EVER INTERESTED TO READ HIS WORK. HE HAS CURED
HUNDREDS AFTER ALL HOPE HAD BEEN ABANDONED, AND HAS
SCORES OF TESTIMONIALS FROM RESPONSIBLE PEOPLE.

MANY AMONG THE HAPPY THROGHS WHOM HE HAS CURED ARE
RELUCTANT TO HAVE THEIR NAMES IN PRINT, BUT THEY ARE
EVER READY TO TELL THE AFFLICTED WHAT DR. COOK HAS
DONE FOR THEM. AMONG THESE IS A PROMINENT BUSINESS WOMAN
WHO HAS BEEN A PHYSICAL WRECK FOR 24 YEARS, BUT WAS
FULLY RESTORED BY DR. COOK AND HIS WONDERFUL HERB MEDI-
CINES. THIS GOOD WOMAN WAS SUFFERING FROM BILIOUS FE-
VER WHEN SHE CALLED AN "OLD SCHOOL" PHYSICIAN. HE FILLED
HER SYSTEM WITH POISONOUS DRUGS AND MINERAL SUB-
STANCES UNTIL LIFE BECAME AN ABSOLUTE BURDEN, AND
DEATH WOULD HAVE BEEN A RELIEF. IN THIS CONDITION THE
LADY CAME TO DR. COOK, AND SHE IS PREPARED TO TELL ANY
WHO WILL CALL UPON HER HOW WONDERFULLY HE CURED HER.
FIRST HE RELIEVED HER OF MANY PUTRID FISTULAR TUMORS.
THEN TWO LARGE OVARIAN TUMORS WERE ENTIRELY REMOVED.
AND TO CAP THE CLIMAX HE CURED AN ACUTE INTERNAL CAN-
CER. THIS WOMAN BEGAN TO IMPROVE FROM THE START, AND
AFTER THESE TERRIBLE AFFLICTIONS WERE REMOVED SHE RE-
COVERED HER HEALTH, FOR THE FIRST TIME IN 24 YEARS FEEL-
ING THAT SHE WAS A WELL PERSON. HER NAME WILL BE GIVEN
TO ANY INTERESTED PARTY BY DR. COOK.

SAFE CURE IS THE BOTANICAL SYSTEM. POISONOUS DRUGS ARE
ONLY TEMPORARY STIMULANT, WHILE THE RESULTS ARE SURE
DEATH SOONER OR LATER.

GOVERNOR GEER IN A WAITING ATTITUDE

The Oregonian Takes a Remarkable Flop in the Direction of a Special Session

LITTLE SPOILS ORGANS IN THE TIMBER DISTRICTS

Will Have to Flop Too--What the World's Fair X Appropriation Will Cost at the Regular Session in Cash and Votes

Two days spent in Portland by a Journal representative shows
that the leading and most influential business men of that city, in-
cluding the most active and prominent Republicans, favor a special
session.

In Sunday's Oregonian is an inter-
view with Governor Geer to the effect
that he has not committed himself for
or against a special session, but that
HE IS IN A WAITING ATTITUDE
AND WANTS TO HEAR FROM THE
PEOPLE.

In Monday's Oregonian is a leading
article on the first page from its Sa-
lem representative, reviewing the
whole situation and TAKING THE PO-
SITION THAT A SPECIAL SESSION
IS NECESSARY if there is to be any
provision made for the Lewis and
Clark Expo. The prominence of the
article, and its entire tone shows
alarm among the keenest minds of the
state, lest in the scuffle and grand
stampede of conflicting interests at the
regular session the Exposition be
knocked out and laid on the shelf.

THIS REMARKABLE CHANGE IN
THE ATTITUDE OF THE OREGON-
IAN shows that public sentiment
among thinking men who favor an or-
derly disposition of the large interests
involved is going strongly in the direction
of a special session.

If there is any possibility of defeat
for the Lewis and Clark Exposition its
friends better have another chance by
having it up and considered at a spe-
cial session, and again at the regular,
if necessary.

SPARKLE AND BRILLIANCE

The cut glass we sell is alight with sparkle and brilliance. It is not the
quill finished, dead looking ware that often does service as cut glass. The
make we handle shows its worth in its cleanness, its delicacy of design,
and its polished, gleaming surface. In beauty, durability, and desirability,
we willingly compare it with any cut glass in Salem. Yet our prices are
less than others charge.

cultural college. Other counties
would secure like recognition, and new
commissions would be created by the
state.

The scalp bounty graft would be ex-
tended, and the \$300,000 demanded by
the Indian War Veterans would get
recognition, along with many less
worthy demands upon the public
treasury.

No one knows where the regular
session would get off at, and it is not
difficult to imagine that three or four
million dollars of jobs would be
rushed through before the Initiative
and Referendum were ever acted up-
on, if indeed it was put into effect at
all in the final round-up.

There is to be any action or ap-
propriation for the Lewis and Clark Fair,
IT IS TO THE INTEREST OF THE
PEOPLE OF THE WHOLE STATE
THAT IT BE DISPOSED OF AT A
SPECIAL SESSION.

If it goes over into the regular ses-
sion the \$500,000 item will become
mere trading stock to load the state
with other jobs. IT WILL COST THE
STATE ANOTHER \$500,000, IF NOT
A MILLION DOLLARS, TO PASS IT
AT THE REGULAR SESSION.

THE FAIR APPROPRIATION WILL
BECOME TRADING STOCK in the
election of a United States Senator,
because a man of the ability and
strength in the legislature of Mr. Ful-
ton or Governor Geer will not let Por-
tland have a half-million dollars with-
out getting votes in return. And who
will blame them?

PORTLAND CANNOT GET THE
\$500,000 AND THE SENATORSHIP
TOO!

Governor Geer has said that he is
willing to hear from the people, and
it is likely that he will hear from
them, and pay some attention to their
demands, rather than be influenced
by a yammering lot of postoffice Re-
publican editors printing local papers
for timberland advertising. He is a
man of too much character to be
bluffed out of doing what is right by
the whole state because of threats of
corrupt-minded enemies, who have
proven their enmity—and unfairness
to everybody.

EX-PRESIDENT CLEVELAND

Says the Democratic Party Has Struck
Wining Note.

New York, Oct. 14.—Cleveland, in
a lengthy interview today, says the
Democracy faces a great opportunity
for victory by fighting the tariff issue,
and that the New York platform has
sounded the right note.

Delay of One Week.

Wilkesbarre, Pa., Oct. 14.—Mitchell
says it is a rule of the United Mine
Workers that no settlement can be
made by officers of a union without
the consent of a delegation conven-
tion. It is believed it would take four
days to get a convention together, so
no definite decision can well be ex-
pected in less than a week.

Lake Steamer Foundered.

Ashabula, Oct. 14.—The steamer
C. B. Lockwood foundered in a gale
on the lake last night, 15 miles west
of here. This morning a yawl, con-
taining seven men and two women,
including Captain Saph, was picked
up by a passing steamer, after a night
of terrible suffering. Another yawl,
with 10 men, is missing. Life savers
and tugs are patrolling the lakes.

Runaway Injures Aged Couple.

Independence, Or., Oct. 14.—At noon
Monday a serious runaway occurred.
Mr. and Mrs. David Whiteaker, aged
residents of Independence, were start-
ing to the farm, a few miles out from
town, when the team started to run
and overturned the wagon. Mr. White-
aker is badly injured, and is in very
feeble health, anyway. A deep gash
was made in the back of his head,
and his forehead was so badly bruised
as to cause a lump as big as a hen's
egg to appear. Mrs. Whiteaker re-
ceived serious injuries, but no such
serious ones.

Roseburg Fair a Success.

Roseburg, Oct. 14.—The district
fair, which closed here Saturday eve-
ning proved a successful meeting,
both financially and in the excellence
of the exhibits. The displays were all
meritorious, both in the pavilion and
livestock departments. The races
were well contested, the programs be-
ing the best ever given here. A baby
show was held Friday and other spe-
cial features added to the general in-
terest of the occasion. The premiums
and purses were paid in full.

Washington, Oct. 14.—The supreme
court today, in the case of the State
of Washington against the Northern
Securities, Northern Pacific and Great
Northern, granted the request of
Former Attorney-General Clegg,
counsel for the securities for \$0 day
extension in which to file an answer.
This places the case on the regular
docket, but, on motion, may be ad-
vanced for special hearing, its im-
portance indicating that this course
will be taken by the state of Wash-
ington.

NEW REASON FOUND

For Not Calling Special Legis- lative Session

Held That the Referendum Needs No Legislation

Captain Walter Lyon, Governor
Geer's private secretary, and man-
ager of his campaign at the Republi-
can state convention, has found a new
reason for not calling a special ses-
sion, that the referendum amendment
provides for its own enforcement. He
holds that no legislation is necessary.
Governor Geer has taken the latest
discovery under advisement, and will
refer the matter to the attorney-gen-
eral for an opinion. He says if he
were satisfied that legislation was
necessary to give the people the pro-
tection of the Referendum against the
acts of the regular session he would
not hesitate a moment to call a spe-
cial session, as he deems that the
most important reform adopted by the
people.

opinion is that it will be Admiral Mel-
ville or General Gillespie, the latter is
chief of the army engineering corps,
for the first member, as second Frank
Klopetsko in charge of the Amalgam-
ated copper mines, or Professor Chas.
Treadwell will be chosen; as third,
Circuit Judge Gray, ex-senator from
Delaware, who, by reason of his loca-
tion, would have no preconceived no-
tions to overturn or confirm; as fourth
either Henry George, Jr., Carrol D.
Wright or Jacob Riis, the New York
sociologist; a fifth member will be a
hard one to select, and a hundred
names are mentioned. The President
will probably select and address the
men, asking them to accept the re-
sponsibility immediately upon Mitch-
ell's acceptance.

Wilkesbarre, Oct. 14.—District
presidents are now en route here, hav-
ing been summoned by Mitchell, to
decide the strike proposition. Mitchell
says that nothing will be given out
until a decision has been reached.
One leader says he believes the op-
erators will have to modify their
terms, making business men take the
place of military or navy officers, as
the latter are in no close touch with
the labor problems. There is great
rejoicing today among the strikers.
General celebrations are planned for
tonight in every town in the coal dis-
tricts. The miners accept the situa-
tion as a victory.

Sufficient Unto the Day, Etc.

Washington, Oct. 14.—J. Pierpont
Morgan left on a special train for
New York at 9:50. When asked for
a statement, he said the papers have
had story enough for one day.

Mitchell Not Notified.

Wilkesbarre, Oct. 14.—President
Mitchell said this morning that he had
as yet received no official notification
of arbitration, therefore he declined
to discuss the subject.

A Concession to Humanity.

New York, Oct. 14.—Operators are
divided in opinion as to whether the
proposition of arbitration can be re-
garded as a concession, but keep up
an outward show of claiming no re-
linquishments of any former attitude.
O'Leary says it is a concession to hu-
manity only and will help the whole
country. He says operators could con-
tinue to shut down indefinitely until
the miners were fired out. The op-
erators claim the admission of a sociol-
ogist to the arbitration committee
would naturally mean the selection of
a laboring man, but on the point, as
to whether a union may be held ac-
countable, says that is for the Presi-
dent to decide.

New York, Oct. 14.—Morgan, after
his arrival here this afternoon, held a
meeting in his office with the coal
presidents. Nothing was given out.

Wilkesbarre, Oct. 14.—District
President Nicholas and Fahey have
arrived. They are with Mitchell.
